Getting Unstuck, Find Your Career 'Sweet Spot'

Getting Unstuck

Getting unstuck means regaining your personal sense of well being as relates to your career identity, sense of control, focus & direction. Finding your Career 'Sweet Spot' is the ultimate holy grail on your career journey & is only defined & refined over time.

Find Your Career 'Sweet Spot'

That rare combination of your passions & talents coming together as you express yourself in the outside world of work & play, is the purest form of your Career 'Sweet Spot.'

As you seek to enhance your performance & establish a base of economic security, your efforts are most often translated into your search for that elusive Career 'Sweet Spot.' This holds true across the board; for the senior business executive, entrepreneur, sole practitioner, government employee, military or academic professional.

Finding your Career 'Sweet Spot' is key to all the above, & again, is the Holy Grail of your journey. Living & working in your Sweet Spot allows you to move from success to significance, the significance of touching others' lives. After all, what's more important in life?
